CLAIMS

1.   A doll's garment made from an elastomeric material or rubber.

2.   A doll's garment according to claim 1, made from a material selected from poly (vinyl chloride), ethylene vinyl acetate copolymer, any of the polymers sold under the trade mark "Kraton", and low density polyethylene.

3.   A doll's garment according to claim 1 or 2, wherein the average modulus of elasticity of the material is less than $1MNm^{-2}$.

4.   A doll's garment according to claim 3, wherein the 100% modulus of elasticity of the material is between 120 and 350 kNm^{-2}.

5.   A doll's garment according to claim 4, wherein the 100% modulus of elasticity is between 240 and 280 kNm^{-2}.

6.   A doll's garment according to claim 3, 4 or 5, wherein the 300% modulus of elasticity of the material is between 440 and 490 kNm^{-2}.

7.   A doll's garment according to any proceeding claim which has been decorated with paint or varnish.

8.   A doll's garment according to any proceeding claim, comprising at least one integrally moulded detail such as a belt, button or collar.

9.   A doll's garment substantially as described herein with reference to any one of Figures 1a to 1g of the accompanying drawings.

10.   A method of manufacturing a doll's garment according to any preceding claim, comprising moulding the

garment from an elastomeric material or rubber.

11.   A   method   according   to   claim   10,   comprising injection moulding the garment.

12.   A set comprising a doll having articulated limbs 5 and at least one garment therefor according to any one of claims 1 to 9.

13.   A set according to claim 12, wherein the doll is articulated at the shoulders and hips.

14.   A set according to claim 13, wherein the doll is 10 additionally articulated at the elbows and/or knees.

15.   A set according to claim 12, 13 or 14 wherein the doll is less than 8 cm in height.

16.   A set according to claim 15 wherein the doll is approximately 4 cm in height.

15   17.   A set comprising a doll and at least one garment therefor, substantially as described herein with reference to the accompanying drawings.
